AUCTION 37

Closing 8 November 1998, Sunday, 6:00 p.m. USA Pacific Time

Two tokens should be noted this sale. The first is one of the London "Elephant Tokens" (Lot 50) described in the first pages of the Yeoman Red Book. Informed sources declare that the piece was struck around 1680 in England. If used in North America then it would have been one of the earliest to circulate here. It is the "diagonals on shield" variety. A related piece is the Franklin Press 1/2d 1794 made for use in England and collected here for its relationship to Benjamin Franklin (See Lot 51). Both came on consignment from Canada.

The second token is one of the Panama Coll Brandon & Co. pieces struck over a Bank of Upper Canada 1/2d 1854 token (Lot 326). Rulau lists two others, one struck over a U.S. large Cent and the other over a Hard Times Token. Both are trial strikes or proofs as is this one.

Look for scarce tokens from Mexico, the Caribbean and few others from Panama. An 1811 Isle of Man token is listed accompanied by a substantial number of Imitation Regal Halfpence. A collection of Swiss trade and transportation tokens was consigned. A small group from Bulgaria can be found. An unlisted Netherlands East Indies token is described (Lot 1196).

Wholesale lots of coppers can be found in the descriptions for Canada, British Isles and Australia as well as multiple lots of French and German Notgeld.

Lot descriptions are brief by necessity and oriented to numismatists. Sizes are given in millimeters although large paper pieces may be in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br, Cop, Ir, Ld, Nkl, Zn or Pl(astic). When parentheses are used it means that the information enclosed is not part of the token legend or describes some device on the token. ham stands for "hole-as-made" to describe pieces pierced at the time of issue.

Catalog numbers from published lists are sometimes used to aid description, e.g. (L#101.3) and refer to the most current work on the topic. Listing each reference would be too cumbersome, so please write if you need to know which. Dollar values written (\$5) stand for a suggested bidding level. An "MB" or "Res." enclosed in parentheses with a dollar value (e.g. (MB\$25)) means a "Reserve" or "Minimum Bid".

Multiple-piece lots in most cases are made up of common items and selected for best grade and broadest interest. They often contain items which sell at shows for \$5-10 each but which will not sell by mail auction. Damaged or worn specimens are not included.

Grading a series as varied as world tokens is at best subjective, especially items of crude manufacture. I try to be conservative and in most cases will reduce the grade if I have any doubts. Comments on my methods of operation are always welcome. All bidders have a ten day no-questions-asked return privilege. After ten days returns may be refused.

Please remember that a Bidder's Fee of 9% will be added to the sale price. After 4:00 pm USA Pacific Time on closing day phone bidders must raise current bids by at least 15% in order to qualify.

MAIL BID SALE RULES AND TERMS

1. The sale closes at 6 p.m. USA Pacific Time on the date noted above or until 15 minutes pass with no telephone bids. Lots are sold to the highest bidder. In the event of a tie the lot goes to the earliest bidder. Bids differing by only a few cents will be considered a tie.
2. Bids must be in U.S. Dollars. Those under \$3 are respectfully declined.
3. Winning bids will be reduced to a 10% advance over the next highest bid, or the Reserve (Minimum Bid), if any. In the event there is only one bidder, bids will be reduced to the published estimate. In any case the maximum reduction will be 65% of the highest bid. Bids will not be reduced under \$25. In general acceptable bids will be those which are at least 65% of the published estimate. (See Page 3 for phone bid rules.)
4. Successful bidders will be billed first or sent winning lots with the bill if they are established customers. Postage, shipping and insurance will be added to invoices where such are appropriate. There will be a minimum charge of \$1 for postage and processing. A Bidder's Fee of 9% or \$1 will be added whichever is higher. California residents must pay 8.5% Sales Tax. Overseas customers must accept responsibility for postal delivery. International postal service is increasingly unreliable.
5. Prices Realized: please order them when you submit your bids. I will include the cost with your bill, \$1 per copy.
6. Please check the shipments for all errors and keep a copy of the bids you submit. Please pay within 10 days.

BIDDING BY FAX OR TELEPHONE? The best hours to reach me by phone are 7-9 a.m. USA Pacific Time. The least expensive and most certain means to bid is by mail or fax. A fax can be sent anytime.

For those who like to call in bids, I will have current information available from the computer during the seven days before closing. In the final hours of closing day current high bids may or may not be available. Bids often arrive in rapid succession leaving no time for their entry on the computer.

If you request computer information, you have to bid 10% over the current highest in order to qualify. For items quoting under \$10, you must bid at least \$1 more. After 4:00 pm Pacific time on closing day phone bidders must raise the bid by at least 15%.
